end of 2007.

NASS is once again sponsoring USDF all-breed awards for Shagya Arabians in all divisions at all levels through 2010.

Due to an oversight, NASS' renewal for participation in this program was not submitted in 2006. Please contact The NASS Awards contact, Becky McCarty, for more information.

Wineglass Valor owned by Becky McCarty.

MJL Olivia by *Oman and owned by Monique Vincent

DNA Required for Registration

DNA is required for the registration of Purebred Shagya-Arabians and Part-Shagya Arabians born in 2007 and thereafter with NASS. This means that their sires and dams must also be DNA Typed. Hair follicles are used as the source for DNA for parentage testing. How do you collect and ship the follicles? For mature animals take a comb, wrap around the hair and yank! Mane hairs in foals tend to be brittle, so the tail hair is a better source for collection. Around 30 hairs with follicle (bulbs) attached are necessary to complete the testing. Tape the hair (do not cover the follicles!) on the area indicated on the DNA Form (See page 11). Send the completed form and enclose a check made out to University of Kentucky for the fee (\$40 per horse). They can be sent in an envelope by standard mail – no need for refrigeration or overnight delivery. DNA testing is available to generate DNA types and perform parentage testing. The University of Kentucky uses a panel of 13 microsatellite markers for standard testing. DNA can be extracted from hair, blood or any tissue. DNA types and Bloodtypes are NOT interchangeable. The lab cannot perform a parentage analysis on a foal that has been DNA typed but whose parents have been bloodtyped. However, DNA types can be generated from stored serum samples of horses that were previously bloodtyped. DNA testing can also be performed on a new sample of whole blood. Please call the lab for directions or with questions: 859-257-3656.

Letter From Tamás Rombauer:

Dear Friends,
I would like to inform you, that with 17th January 2008 I have been withdrawn as director of Bábolna National Stud Estate Ltd., and at the same time my employment with this company has come to an end. The decision has been made by the National Council of Property Agency and has been executed by the director general of the Corporation Responsible for National Properties. In the background of the affair is the

acquisition of 11.000 hectare of land of the earlier company, the Bábolna Corporation, from which until today the Stud could not get any hectare. Moreover, the decision of the government regarding this (namely that the Bábolna National Stud would get 760 hectares of land) has not been executed for one and a half years. Their intention is to give the stud together with the horses to trusteeship, for which there is no operable pattern in the world. I have been in charge of the breeding program of Bábolna Stud for 17 years and during the last 5 years I was the director of the whole National Stud Estate Ltd. (2 studs, the Arabian Stud Bábolna and the English Thoroughbred Stud in Dióspuszta, the tourism, botanic and zoological park, operating of the electric network, maintenance of the traditional buildings, organizing fairs and exhibitions, school) We have reached significant results, in which our breeding, professional cooperation with international organizations and breeders played an important role. All this needed all my time and attention, and so I could not accept many invitations that I received in the last years. Thank you for your understanding! I would also like to thank everybody, who granted help to Bábolna in the past, mainly since 1990. The place would not be enough to make a list of these people, and I am sure, there were some of them, whom I would forget to mention, but Mr. Krzyształowicz/Janow, Mr. Eckehard Frielinghaus (ISG) and Mr. Jay Stream (WAHO) are lucky, that they do not see, how the breeding work of 219 years will be eliminated. Depending on my free time I will go on to assist the activity of the MALE (Society of the Hungarian Arabian Horse Breeders) as "volunteer". Together with the directors of other European State Studs, we have begun to co-ordinate the activities of the National Studs of Europe, and have planned to create a Society, the European State Stud Assembly (ESSA). The necessity of this is now confirmed by what is happening in Bábolna and in Hungarian horse breeding. Only the loud protest of the national and international public can help Bábolna and prevent similar actions. At least, such a protest will probably make those responsible to re-consider what they have done. This is by no means only a national problem,

since the question to preserve a cultural heritage of Europe, in this case the Shagya-Arabs, is to preserve a horse breed, which has been qualified by the Hungarian Parliament as an endangered one. Regarding preservation of this breed, the President of Hungary, Mr. László Sólyom has committed himself, and Prof. Dr. János Nagy, President of the National Council for Property Agency is responsible, not to speak about the Financial Minister, Mr. János Veres. "Today us – tomorrow you" - this could be the slogan, since every breed, which is in state ownership is threatened by this danger. And without any basis, the private breeders are not able to preserve what is considered a "not so modern" breed. Your protest can be successful if the press is also informed about what is happening. In case, you are going to do something in this regard, is our Society ready to help you. Once more thank you for your co-operation. With best regards, Tamás Rombauer, 2943 Bábolna, Wes-selényi u. 46, Hungary, Tel: +36-34-568-086, Mobil: +36-20-569-5503

Farm & Member News:

Vern Wingert - CA
Brahma PFF and I finished the 50 mile ride this past weekend. All A's at all Vet checks. 80 entries in the 50. 68 finishes. We came in 54th.

Happy with that as it was both Brahma's and my 1st 50 mile AERC ride. He was totally engaged and yet relaxed at the ride. Drinking and eating whenever he needed to do so. A real sensible smart horse. He thrives on the activity and action. His steady Shagya temperament came thru. Two days after the ride, he was bucking and prancing around the arena like nothing had happened at the ride. Guess he had plenty of reserve energy. My daughter and her POA did great on their 1st 50 as well. Fun to share that experience together.

Kerrigan Bloodstock - CA

Elaine Kerrigan

Exciting things have been going on at Kerrigan Bloodstock. Since the last newsletter, I have acquired 2 wonderful Shagya mares. I am now the proud owner of Samantha (*Amurath Samuraj X *Kornelia) purchased from Adele Furby. She is in foal to Shagya Royal AF for an April foal. Also proudly welcomed to Kerrigan Bloodstock is Shagya's Serena AF (*Shandor X *Shagya II-2) from Gabrielle Bergman. Serena will join the broodmare band, but will also do double duty as a dressage and trail horse. I'm looking forward to the other two foals. Sophie AF (*Shandor X Samantha) will have a June foal by KB Omega Fahim+ +/. KB Salim Fahim (full sister to KB Omega Fahim+ +/) will have an April foal by Shagya Royal AF. With his 2007 wins and scores in the 70+ % at fourth level, the plan for the 2008 show season for KB Omega Fahim+ +/ is to move into the FEI level of dressage. Tagging along will be his entourage of daughters. This is always a lot of fun!

Terry and Phil Hey - IA

It has been a long, cold, snowy and icy winter here in the northwest corner of Iowa. We've been blasted by arctic winds coming down from Canada over the Rockies and there is a layer of ice beneath all the snow that seems to be at least 3 inches thick. Spring cannot come fast enough. I managed to trailer Emir over to my friend Natascha's barn in between storms, so that I could board him there and ride in her indoor, and it's a good thing I did, because otherwise he would not have been able to resume training until probably the end of March. Even so, there have been a lot of nights when it was just too cold to ride. Currently we are doing nice, solid, Training Level work. Flow and Count stayed home, keeping each other company, staying generally fat and pleased with themselves. Count seems to be getting better and I hope I'm not hallucinating, but his limp seems greatly diminished. I'm holding my breath and hoping that I may actually be able to ride him again. Flow and Emir will be representing NASS at the Midwest Horse Fair. Right now it is hard to imagine turning those shaggy critters into sleek, presentable steeds! Gwyn Davis and her daughter Lilly are my partners for exhibiting at the Fair this year. I think we will all have a blast. One of the best things is going out to eat together; Madison has so many super restaurants! If anyone has a video they would like shown at the fair feel free to send it to me. We were also treated to a wonderful clinic March 22 with Missy Fladland - she assures me that Emir is on the right track. In the meantime, hang in

there, Old Man Winter can't last forever. Stay warm and get ready for the mud!

WitSend Shagya Arabians - NM

Kathy Richkind

We had a hard cold winter - bad news and good news all around. Bad news - Emilagra had colic surgery last November - good news, she recovered completely and is back under saddle again. More very good news: Shagya's Sprite was USEA Region X Reserve Champion in eventing last fall, and, even better, she is now owned by Gretchen Aycock, the talented young trainer who rode Sprite to that victory and all her other wins - pictured in this issue's NASS awards. Gretchen plans for more eventing, dressage and mini prix jumping with "mighty Sprite" - they are a great team! Congratulations, Gretchen!

Whistling Winds Ranch - MT

Bob & Doris Newton

We have been extremely fortunate to have a young couple build a new indoor arena a couple of miles from our ranch. We have utilized all aspects of the facility this winter. Shandor's Surya (*Shandor x Sapphire) has been in training with them since the first of January and I have been taking lessons twice a week since then. It has been an emotional journey since I was forced to retire the first of October due to several unexpected health issues. When I first started taking lessons, I was unable to saddle my own horse and had a horrible time getting on and off my horse. At times, I struggled to go forward, but yesterday I rode Sunny for the first time. The experience was both overwhelming and exhilarating. He has grown into a beautiful, magnificent anima. His disposition is very calm and willing, causing his trainers to comment that he is unbelievable for an Arabian. No matter how much you talk about the Shagyas, in cowboy country, an Arabian is an Arabian. Because Sunny was trained in this public facility, endurance people have taken particular interest in him and other, older women, are taking a closer look at the breed, wondering why they are putting up with the antics of their horses. Sunny was started in the arena, but due to some nice weather this month, he has been ridden out a great deal. Sunny comes home next week and my plan is to ride him 4 or 5 times a week, continuing lessons on him. Bob and I are joining the backcountry horsemen and we looking forward to our first trail rides. The whiff of spring is in the air and we are both looking forward a great year with our horses. Sunny's dam, Sapphire (*Oman x *Szikra), is still looking for a good breeding home!

Horses For Sale

Yvette Contier - CA

yvettecontier@comcast.net 650.359.5093

Part Shagya-Arabian Gelding

Amara's Daman (*Oman x Grand Delight ox) 16 y.o., 15.2 h, 1100 lbs., solid, strong, sensitive, elegant horse. Raised with natural horsemanship: attended clinics w/Dennis Reis, Richard Winters, Peggy Cummings & Terry Church.

Monthly training w/Pam Fury for the last 10 yrs. His forte is Dressage. Took Blue ribbon in very 1st Dressage Schooling show. Has team penned/cut cattle. Requires an experienced rider.

Stephanie Fine - UT

801.520.8693 shagyahorse@comcast.net

Purebred Shagya-Arabian Gelding

Daytripper (Starwalker x Oman's Daydream) Gorgeous 3 y.o. gelding, huge floaty trot, engages back naturally. Will mature to 15.1-15.2 h. Sensitive loving temperament, short strong back, nice shoulder, beautiful neck, straight good legs. Would make excellent lady's horse for jumping, dressage, endurance. \$4000

John and Hannah Adent - CO

jadent@lextron-inc.com

Purebred Shagya-Arabian Mares

***Gazal Starburst** (Gazal XVIII x Gazal XV-2) Absolutely gorgeous imported 2003 grey mare. Feminine, wonderful Shagya type, excellent Bábolna pedigree: Amor, Balaton, Saphir I (European Dressage Champion), Ibn Galal ox and Gazal VII. Very good conformation w/ especially good gaits. 15h. For sale or lease.

***Gazal XV-2** (Gazal XV x 188 Shagya II) Imported 1998 grey broodmare. Pretty, feminine, typey mare. Beautiful head. Good dry legs, swinging trot w/good impulsion. Good canter. Classic Bábolna breeding: Gazal XV is by AMOR and his dam is line-bred to Shagya XLVII. Her dam is by Saphir I and out of 113 Ibn Galal. 15h. Had a Starwalker filly in 2006. For sale or lease.

***Gazal XV-5** (Gazal XV x 199 Gazal VII) Imported 1998 grey broodmare. Elegant, typey with a dry head, refined neck, good body & saddle area. Correct legs (got an 8 for legs at her inspection!). Excellent Bábolna pedigree. Her dam is by BALATON and out of 162 Amer. 15.1h. Had a filly by Starwalker in 2006. For sale or lease.

Doris Newton - MT

nort@blackfoot.net 406-745-4418

Purebred Shagya-Arabian Mare

Sapphire (*Oman x *Szikra) Lovely dark brown 1991 broodmare. 15.3h. Dam of the high scoring horses on the '06 tour: Sheherazade AF & Sterling Silver AF. Sweet, mellow and has a kind personality. Very easy to handle and is in excellent condition for breeding this spring. For sale as broodmare only to a good home. \$5000

New DVD/video available!

Purebred Shagya-Arabian Filly

Everlasting Star AF (Starwalker x Empress Ester AF) 3-yr old filly just made for dressage! One of the best movers I've produced. Grey with black points. Lots of bone & powerful, elastic movement coming well under from behind. Will be very light to the aids. Mature 15.3+h. Great breeding prospect, wonderful pedigree and very correct conformation.

Purebred Shagya Arabian Colts/Geldings:

Shagya's Rashad AF (Shagya Royal x *Shagya II-2) 2007 stallion prospect. After 6 fillies, *Shagya finally had a colt! Steel grey. Excellent movements for dressage and jumping, and very correct conformation. Beautiful type. Friendly and personable, outgoing, great self-confidence.

Shagya Skamp AF (Janos x Samantha) 3-yr. old stallion prospect. Bay with squiggly star, strip, snip and some white on one coronary. Very correct conformation, beautiful type, excellent movements. Friendly and nice to handle. Black producer. Mature 15.2h. Price includes my retaining breedings.

Shagya Sambo AF (*Shandor x Samantha) 6-yr. old bay gelding. We originally were going to keep him for visitors to ride, but we haven't had the time to train him past basic ground work, so it makes sense to sell him to somebody who has the time! Excellent endurance prospect, with good enough movement for dressage. 15.2 h.

Part-Shagyas

Royal Kapricia AF [Shagya Royal AF x Kadence (DWB main mare book, by Rolls Royce x TB)] Lovely chestnut 2007 filly. This filly will be very tall! Elegant refined type in a tall package. Long legs, beautiful head, neck and body. Great dressage or eventing prospect.

Hungarian O'Baya AF (Janos x Hungarian O'Thea) Lovely 4-yr old filly. Eligible for registration with HHAA as a Felver. Coal black with no white, will turn grey. Excellent type and movements-nice size. Currently 15.3 h. Could go dressage, eventing or distance. Good breeding prospect; she can be a black producer.

Holiday Star AF (Starwalker x Hologram DWB) Tall dark brown 3-yr old gelding out of an outstanding dressage & event mare whose sire, the imported DWB, *Roemer, was in the top 10 USDF dressage-producing horses in America, and was recently the 1st stallion ever to be entered into the USDF Hall of Fame. Currently 15.3 h. Excellent movements, elegant type, very friendly. A top sport horse prospect.

Hera AF (*Shandor x *Heritage by Habicht) Stunning 5-yr old grey mare exemplifying the best characteristics of the Shagya & Trakehner breeds! Gorgeous conformation and type, excel-

The "Shagya-Araber Hensgstbuch 2—Internationale" will be available shortly!

See www.shagya-zeunert.de for information.

NASS' Newsletter Policy

NASS News is a tri-annual publication (or "newsletter") designed to keep NASS members informed on a timely basis of current news of the NASS organization, its members, & NASS' parent organization, the ISG. In years of NASS Inspections there will be a fourth issue dedicated to the Inspection and referred to as the "Inspection Issue". Other information of general interest to Shagya Admirers: such as articles on horse management, training, breeding, etc. can be included if space permits. The newsletter will be limited to approximately 12 pages so that its weight is 2 oz. or in order to minimize postage costs when possible.

Advertising: The fee for the tri-annual newsletter for a half page ad will be \$35.00 and for a full page ad \$60.00. The discount for an annual ad (for a full year/three issues) is \$90.00 for a half page and \$160.00 for a full page. The fee for the "Inspection Issue" is \$125 for a half-page ad and \$200.00 for a full page ad. NASS members may place Classified word ads in the newsletter at no charge (maximum 30 words). Non-NASS members can place Classified word ads for a price of \$15.00 (maximum of 30 words). All horses advertised for sale must be registered with NASS. All Shagya-Arabian and Arabian stallions advertised for breeding must be registered with and Approved for Shagya Breeding by NASS.

The Newsletter will include (but is not limited to) the following topics: Committee Reports, Clinics-Shows-Open Houses, Farm News (not to exceed 200 words in length), ISG News, HHA News, New Foals, New Horse Owners, New Members, Articles of Interest on horse management, breeding, etc. if space allows, *Classifieds: List of NASS registered horses for Sale, Calendar, and Half-page and Full page Advertising. *Sale horse information in the listing may include: name, sire & dam, measurements, age, color, markings, & level of training. Ads are limited to 25 words per horse. Prices are permitted for horses for sale.

The tri-annual newsletter and Inspection Issue will be assembled, edited and printed and mailed by an Editor. Prior to Publication they will be reviewed by the NASS President (and the other BOD members as required) to insure appropriateness of the material. Letters, articles and advertisements from members reflect ONLY the opinion of the author and not of NASS. NASS cannot be held responsible or liable for ANY wrong or misleading information. NASS reserves the right to refuse anything submitted for cause. Submissions to the Newsletter, including advertising and sponsorship should be directed to the Editor. Payment must be received before publication deadlines and should be made out to NASS noting reason.

Calendar:

April 9, 2008: 6:00PM Pacific Time NASS BOD Meeting via Phone Conference. Please contact your Regional Director or see www.shagya.net for details.

July 9, 2008: 6:00PM Pacific Time NASS BOD Meeting Phone Conference. Please contact your Regional Director or see www.shagya.net for details.

Please send events to:
NASS_Newsletter_Editor@Shagya.net

NASS Basic Information: The North American Shagya Arabian Society was formed in 1986. Society Purposes are:

- Promotion, preservation and improvement of the purebred Shagya-Arabian Horse.
- Establishment of a Shagya-Arabian Registry for purebred and part-bred Shagya Arabian horses.
- Regulation and approval of breeding stock.
- Dissemination of information about the breed to the public. Establishment of an awards system for performance achievement.
- Promotion and cooperation with Shagya Arabian breeders around the world, and in particular, with the Internationale Shagya-Araber Gesellschaft (ISG).

Please send your contributions, including farm news, foal news, new horses, performance news, photos, etc., for the next newsletter to the newsletter Editor by July 15, 2008!!!
